Dear Sir/Madam

I am writing to express my interest in the Senior Manager, Mobile Backend Development position at Prince Bank, as advertised on Facebook Page. With my extensive experience in mobile backend development and proven track record in managing performing teams, I am confident in my ability to contribute to the success of your organization.

As a Senior Manager in Mobile Backend Development at Supervisor Backend Developer, I have successfully led cross-functional teams in the design, development, and implementation of scalable and robust mobile backend solutions. I have a solid understanding of the latest technologies and frameworks, such as Spring Boot (Java), and have consistently delivered high-quality projects on time.

Throughout my career, I have demonstrated strong leadership skills, effectively collaborating with stakeholders to define project objectives and deliverables while ensuring alignment with business goals. I have a proven ability to manage resources, and timelines to drive successful project outcomes. Additionally, I am experienced in implementing agile methodologies, fostering a culture of innovation, and continuously improving development processes.

Sincerely,

Sokkheang Huo
